Original adaption by Ramona Brown

Gatsby is a stage version of the literary classic, "The Great Gatsby," by F. Scott Fitzgerald. Taking place in the early 1920s, right after World War I, on Long Island, New York, it is a story of wealth, privilege, and all that goes with it. The play is rich in themes of betrayal, jealousy, and the apathy that comes when society cares more about appearance instead of humanity.

Both Gatsby and Arthur are new productions and, as such, will not be presented in "final form." Rather, both shows will be presented in a workshop format, which is a vital step in the creative process, and is calculated to best assist the development of these two shows.

Gatsby and King Arthur are fundraising events for Skyridge Theatre. Tickets are free, with a suggested donation of \$10 per ticket. We are asking for your support to upgrade our lighting and sound equipment. Thank you for your generosity toward the success of our program.
